WHEN DOES ALDI RESTOCK? WHAT TIME?

Aldi receives shipments of fresh produce daily. Wednesdays are usually when all other products are restocked.

Specialty products are stocked once a week. These specialty products are limited time only, so there is no guarantee on when or if they will be restocked. Typically, Sundays are when the Aldi finds specialty products are stocked.

When does Aldi restock shelves?

Aldi trucks arrive overnight with new shipments. Product is then shelved and stocked afterwards. Early morning is typically the best time to find fully stocked shelves.

You will see Aldi employees stocking shelves throughout the day. Typically, these employees are stocking backstock and not necessarily new, fresh products. They are restocking to fill in after things have sold down throughout the day.

When does Aldi restock aisle of shame?

Some people refer to Aldi's special purchase aisle as their "asile of shame." This is likely because this aisle is full of impulse purchases, not things that people plan on buying. Aldi restocks this area once a week.

According to some Aldi employees, this aisle is restocked on Sundays. Since these items are special purchases, you cannot expect to find the same items in this aisle. It is replaced with new items every week, usually corresponding to a weekly theme.

When does Aldi restock bread?

Aldi restocks bread as it comes into the store. Aldi receives shipments daily, but that doesn't always mean that bread is coming in that day.

Aldi will also mark down bread when it gets close to its expiration date. Keep an eye out for 50% off stickers on loaves of bread to take advantage of this deal.

When does Aldi restock produce?

Aldi restocks produce daily. They typically get a new shipment of fresh produce daily, which they distribute onto shelves before the store opens and throughout the day.

Aldi offers both organic and traditional produce. Aldi is known for having the best prices on produce.
